Orcas Park and Recreation District Grant Request March 2011

Name of Organization: Orcas Island Park and Recreation District (OIPRD)

Mailing address: PO Box 16, Eastound, WA 98245 Phone: 360-376-6199 (Farish). OIPRD does not yet have an office or phone. Email address: mfarishster@gmail.com Organization's Web address: orcasparkandrec.org Contact Person: Martha Farish, Chair, Board of Commissioners, OIPRD

Non-profit status: A tax supported organization which according to Auditor Milene Henley makes OIPRD, by definition, a "registered" non-profit. Federal and State official registration numbers are pending applications to be made by the San Juan County Auditor and Treasurer on behalf of the newly funded OIPRD.

Dollar amount of this grant request: \$2500

Concise project description: These funds will be used to purchase an umbrella insurance policy from Enduris; an inexpensive insurance provider available only to governmental and municipal agencies, to provide coverage for OIPRD sponsored activities in 2011-12. In order to limit liabilities and manage risk, all volunteer coaches and supervisors of recreational activities, and the activities themselves, are required to have insurance coverage in order to use facilities like parks, gyms, skateboard parks and ball fields. Because of the unique timing of start-up funding for OIPRD, there it is no tax supported funding available until May 2012. Many current and on-going activities on Orcas are currently without insurance coverage for the 2011-12 season.

Signature of Board Chair:

Date:

Orcas Island Park and Rec District Grant Request, March 2011 **Proposed Project Budget** **Describe total project costs in detail:** Parks and Rec Districts purchase insurance policies to help manage the risks and liabilities associated with sponsoring recreational activities in their communities. Community facilities, in order to protect and manage their risks, require that volunteers and coaches also be covered by insurance as a condition of use of those facilities. For an annual fee of \$2500 OIPRD can purchase an umbrella policy from Enduris that will provide the insurance required to cover OIPRD sponsored activities for 2011-12.

Project costs to be covered by OICF grant: \$2500

Non-cash contributions: None

Other funding sought for this project: None, however OIPRD is in the very early stages of considering whether to borrow funds against anticipated revenues in order to fund basic services, like insurance, in 2011-12.

Other funding received for this project: None see above.

The compelling or unusual need: OIPRD was created in 2010 but wasn't approved for funding until February 2011. According to State law the first distribution of funds to OIPRD will take place in May of 2012. A variety of recreational groups, who formerly had coverage through the now defunct old Orcas Rec, are currently without insurance and thus unable to host, play in or use community facilities. Private insurance for small groups is prohibitively expensive for most participants and groups. Insurance through Parks and Rec Districts is inexpensive and provides the required coverage for virtually any recreational activity OIPRD might be asked to sponsor. For \$2500 OIPRD can provide the necessary insurance "bridge" for the 2011-12 recreational seasons for our community coaches, organizers and facilities.

Professional development that Board Members or staff has participated in and how that training has impacted our operations. OIPRD has no staff at this time. The OIPRD board will manage the project until an executive director is hired.

Plans to maintain the project after the funding period: Once funds are distributed insurance coverage will routinely be provided out of normal operating revenue for the OIPRD District.

Orcas Island Park and Rec Grant Request, March 2011 Proposed Project Description

Objectives: To provide required insurance coverage such that individuals and groups sponsored by OIPRD can continue to use and enjoy group recreational activities in facilities and parks on Orcas Island from May 2011 to May 2012.

Timeline: May 2011 to May 2012

Describe demographics and numbers of people who will be served by this project. Those

currently known to OIPRD and in need of insurance coverage are: Youth Outdoor Soccer Spring Season, 6 weeks, approximately 30 participants Youth Outdoor Soccer Fall Season, 7 weeks, approximately 40 participants Youth British Soccer Camp, annual event one week in July, approximately 200 participants. Youth Girls Soccer Camp, Chama Anderson 3-day program to advance high school girl's skills, approximately 15 participants.

Adult Volleyball, September-June, Sundays and Wednesdays, 20-40 ethnically diverse players. Adult Basketball, year-round on Sunday's. Currently focused on men's basketball; request made for support for an adult women's team.

Wrestling, three year old, 100% volunteer program involving 7 high school age students plus three coaches meeting March to May, December-February, three days per week.

4-7th Grade Boys Basketball, November-March, Tuesday and Thursdays, approximately 20-30 participants.

There are likely others who may currently have insurance supplied via some other means but who may also need to list a supplemental insurer like OIPRD in order to participate in tournament play off island. We are told Enduris/OIPRD insurance can be used for this purpose. The OIPRD Board is currently in the process of developing a comprehensive list of all insurance requirements for existing programs.

Individual accountable for funds: Martha Farish, Chair, OIPRD Board of Commissioners; Milene Henley, Auditor San Juan County

Indicate how you will evaluate results of the project: Quantifiably by the number of people and activities on Orcas Island made possible through OIPRD providing the required insurance umbrella during the May 2011-12 time period.

There is no physical equipment to be purchased with this grant.

Page 2 of 2 Orcas Island Park and Rec Grant Request, Section titled Proposed Project Description

How does this project relate to the organization's mission and goals? It is the mission of all Parks and Rec programs to foster a healthy community by providing recreational opportunities in their communities. Without insurance, several of our on-going recreational activities on Orcas will not take place in 2011.

Has the organization's governing board approved this project? Not yet. Most of the Board activity in the one month since voter approval has been involved in a wide variety of legal activities required in the formal start-up of a funded Parks and Rec District. Martha Farish, Commission Chair, became aware of the option for OICF to provide funds to OIPRD for insurance coverage on the Friday before the Monday when this application was due. She alone took on responsibility for submitting the grant under these circumstances.

State law forbids communication between Commissioners as a group outside publicly noticed

meetings. Agenda time to consider this grant application will be scheduled for the next available Regular Meeting of OIPRD on April 14, 2011. It is unlikely that there will be any opposition to securing bridge funding for insurance coverage through OICF. In any event, the OIPRD board will vote on this grant proposal on April 14 allowing ample time to withdraw the request, prior to public announcements by OICF, should the need arise.

Please note: In the interests of full disclosure, the OIPRD Board of Commissioners is actively and energetically pursuing the possibility borrowing against future revenue in order to sustain basic levels of insurance and programming during the unfunded 2011-12 summer/fall/spring seasons. However, that is a complicated process requiring public hearings and negotiations with lenders that may or may not come to fruition at all, or in sufficient time, to support activities that need insurance now and throughout the 2011-12 time period.

OIPRD Mission Statement: The purpose of OIPRD is defined by Washington State RCW 36.69.010. Under current consideration, but not yet passed by the Board of Commissioners of OIPRD, is the following draft Mission Statement:

The mission of the Orcas Island Park and Recreation District is to foster a healthy community by developing and delivering an appropriate mix of innovative recreational opportunities and by providing effective, sustainable stewardship of the District's parks and open spaces.

History and Accomplishments: The formation of OIPRD by the voters in 2009 and the approval of funding for OIPRD in 2011 are the principle accomplishments to date.

The next set of accomplishments will undoubtedly come during the scramble to provide organizational and recreational options to the community, during the February 2011 to May 2012 period, when no tax-supported revenue is available to OIPRD.

IRS Letter of Determination: OIPRD has asked San Juan County Auditor Milene Henley to supply OICF with documentation to meet this requirement.

Important Goals OIPRD hopes to accomplish over the next 12 months. OIPRD will:

- · Establish an OIPRD office
- · Provide umbrella insurance for recreational activities and the use of facilities.
- · Institute operational policies and procedures in accordance with State law
- · Hire staff and/or contract for services
- · Sponsor recreational programming for Orcas Islanders

- Negotiate for possible online program registration and payment
- · Negotiate for efficient use of community recreational facilities
- · Make capital improvements to aging recreational facilities if feasible.

Organization's annual budget: In accordance with the recently passed Special Levy, OIPRD will receive \$.09 cents per \$1000 of assessed property values on Orcas Island, in the approximate amount of \$350,000 per year, for the next 6 years.

Committee Report: Financial Oversight Committee Submitted: 4/14/2011 Lead Commissioner: Martha Farish

Report: The following individuals have agreed to serve on OIPRD's Financial Oversight Committee duties authorized in the minutes of the 3/10/2011 Regular Meeting.

Bob Lundeen Joe Cohen Janet Brownell Helen Bee Lisa Byers Hilary Canty Carl DeBoor

Motion: I move to accept these names as The Financial Oversight Committee.

Re: 2011 February Special Election Billing

Dear Mr. Eagan,

Enclosed you will find your invoice for the Orcas Island Park & Recreation District for the February 8, 2011 Special Election.

The invoice shows a refund from the 2010 General Election that was charged to Orcas Island Park & Recreation District. During 2010, the San Juan County Elections Office applied for and received a Help America to Vote Act grant to assist with the annual voting system maintenance fee. The voting system maintenance fee is applied proportionately to the election costs billed to all jurisdictions that have elections during the year. As a result of the County's having been awarded this grant, your jurisdiction is receiving an election cost refund for the 2010 General Election in the amount of \$37.59.

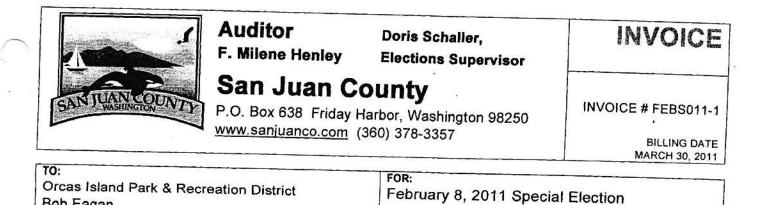

The Auditor has informed me that this payment may be deferred until 2012. Please let me know if you have any questions concerning this invoice.

Respectfully,

Joris Schalle

COMMITTEE REPORT: Buck Park/Begin Negotiations with Orcas Island School District SUBMITTED: 4/14/11 LEAD COMMISSIONER: Vicki Vandermay

Purpose: To identify a strategy for Buck Park by meeting with the Orcas Island School District Board and Orcas Island Park and Recreation District Commissioners

Discussion of what OIPRD plans might include:

- Discuss trust between two entities
- Mowing/Maintenance of fields (should there be two separate or one common entity doing this)
- How quickly do we want to move forward on negotiations
- Director in place before agreements are reached/finalized
- Interlocal agreement
- Community outreach parking lot, skate park, grounds
- Fees to rent gyms, fields, classrooms with OISD

Recommendation: That OIPRD Commissioners meet with OISD Board Members at either a regularly scheduled meeting or a special meeting to discuss the future of Buck Park and a collaborate on how we all might better serve the community with the resources the school has.

Dates of already scheduled OISD Board Meetings:

April 28th (regularly scheduled meeting) May 16th (special meeting 3:00 to 5:00) May 26th (regularly scheduled meeting 4:00) June 23rd (regularly scheduled meeting)

Draft Letter to Accompany Budget for Review and Comment

Dear

Thank you for agreeing to serve as a member of a Financial Oversight Committee on behalf of the Orcas Island Park and Rec District (OIPRD). In February 2011 OIPRD was granted funding. By law, the first distribution of funds will not take place until May 2012; the second distribution will be in November 2012. Funds are generally distributed by the State In two lump sum installments annually.

COUNTY

Since 2009 and the demise of the "old Orcas Rec", a variety of community activities (and a set of badly needed repairs to facilities at Buck Park) have been either scrambling for funding or have been placed on hold.

In order to begin operations in 2011, fund essential programs, and begin making badly needed repairs, the OPIRD commissioners are CONSIDERING borrowing funds. Under this scenario operations could begin as early as June 2011 as opposed to waiting until May of 2012.

The alternative to borrowing is obviously not borrowing and waiting for tax revenue to be distributed in 2012. The inability to centrally contract for facilities use, obtain group insurance, coordinate and/or sponsor, register and pay for community activities and sports has had an impact in our community. The repairs to the ball fields and tennis courts, if put off, are likely to get more, not less, expensive over time. Not borrowing however has the appeal of being fiscally conservative and not "buying" until we have the cash to pay for it.

Attached is a DRAFT budget for your consideration and comment. Please note: this is a CONCEPT document. Revenue and expenditures have been researched; final budget items may differ. We have deliberately provided you with the "worst case" scenario for borrowing and paying off loans within five years, the term of our current tax revenue funding. With borrowing we are attempting to get six years of operations out of five years of funding.

A commercial lender is available under these conditions.

Proposal To The Orcas Parks & Recreation District

Regarding support for The Funhouse core programming

When it comes to youth-oriented programs, Orcas Island is uniquely fortunate. One of the reasons: The Funhouse. Since it opened a decade ago, the Funhouse has become an *essential* part of the community and a social safety net for the children of the island.

Since we opened the doors:

1. Drug, alcohol & tobacco use has decreased significantly on Orcas.

2. 30 Day use of alcohol and marijuana by 10th and 12th graders has decreased by 22% and 19% respectively.

3. Property crime related arrests of youths 10-17 in San Juan County has dropped from 2.3% in 2000 to 0.4% in 2006.

4. Teen pregnancy/abortion is lower in San Juan County than in 59% of other Washington state counties, and well below the state average.

5. Educationally, The Orcas School District outperforms most of the State of Washington, scoring significantly

higher than state results in math, writing and science.

In the spirit of creating an even BETTER program for youth on Orcas, The Funhouse Board of Directors proposes that the Orcas Parks and Recreation District (OIP&R) consider support for the following:

- · Underwriting of Funhouse After School Programs
- · Underwriting of Funhouse Teen Programs
- Underwriting of Funhouse Mentor Programs

The statistics listed above are the direct result of these programs, central to our mission.

Saving the troubled Orcas Rec program is incredibly important. The sports and outdoor programming that has been admirably provided by the Orcas Rec for years is essential to the health and well being of Orcas kids.

The Funhouse also believes that indoor activities such as arts, sciences, literary and other activities are important. By combining some of The Funhouse's proven programs with sports and other outdoor recreation activities, the Orcas Parks & Rec would be an incredibly well-rounded and efficient organization for our kids and our community as a whole.

The Funhouse has been part of the creation of The Orcas Parks & Rec District since the beginning. We believe the community is aware of this, and will strongly support a Parks & Rec Program that embraces indoor activities, arts and multimedia education, as well as the essential sports programs Orcas Rec has historically provided.

We also believe that in challenging economic times community supported non-profit entities are duty-bound to look for efficiencies and synergies where ever they can be found.

Attached please find detailed descriptions of the programs listed above, information as to the statistical success of these programs (Funhouse Community Impact Report) and financial documentation.

It is important to note that The Funhouse intends to remain and independent public 501(c)3 organization. We do not propose a merger of The Funhouse and The Orcas Parks & Rec.

What we do propose is that we work together to create an effective and stable program for the youth of Orcas Island!

Thank you for your hard work for Orcas,

The Funhouse Board of Directors

The Funhouse proposes that the OIP&R consider funding for these essential programs:

In the 1990s Orcas Island was facing some of the highest levels of teen.2 of 4

AFTER SCHOOL: The economics of Orcas Island reflect those of many small American rural-resort communities. The majority of year-round residents are middle-class. Many households are single-parent, or dual-working parent homes. Thus, there is a proportionally large population of latch-key children in the community. The Funhouse is the community safety net for those children.

We provide a safe, educational place for children to hang out after school. Everyday we have 25-40 children, ages 7-16, at The Funhouse taking part in structured play, working on the computers, exploring the science museum, playing music, or watching a video from our extensive library of educational (and fun) titles. These programs provide basic services (Homework Club – an adult volunteer or older teen helping children complete their homework) and enhancements the children can find nowhere else (such as Arts and Crafts, Video Making/Editing, Weird Science, Photography, Folk Arts, Running Club, and more).

MENTORING: Our Mentor Program is perhaps the most important thing we do. We have a model program in place, one that provides our children with traditional one-on-one mentor matches, and several types of project-based matches that link a caring adult with a small group of children. We match seniors with children, and teens with children. We even have a unique and innovative program that enhances the schools' education programs: Mentored Online Learning. We know these programs are effective. We read it in the evaluations, we see it in the progress the children display, we see it in our school's success as one of Washington's "Outperforming School Districts."

In the spring of 2008 there were approximately 550 children in school on Orcas Island. At that time, 52 children were involved in Funhouse mentor programs. *That is an incredible 9% of all the children on the island*. Perhaps even more important, school counselors consider more than 80% of those children 'at risk' economically, emotionally, or both. This fall, we had over 40 children involved. During the course of a year our program may touch the lives of 100 or more children (almost 20% of the island's children).

TEEN PROGRAMS: During the mid-1990s Orcas Island was experiencing an exceedingly high rate of alcohol and drug use by our local youth, and families were concerned for their children. This growing concern resulted in nine community forums in 1998, all involving a broad spectrum of students in grades 6-12 who were highly verbal about the serious problems of alcohol and drug use among their peers. When asked what they needed most from their community, these teens unanimously answered: a safe place to hang out, especially on weekend nights. When The Funhouse opened its doors in September 2000, our first goal was to fulfill this need. Teen Night, now in its eighth year, provides a lively, safe, and supervised place for 20-40 teens to meet and socialize every Friday and Saturday night.

Teen Night Programs go beyond just Friday and Saturday nights, we also provide safe and fun all-night parties for Graduation Night and New Year's Eve – two of the most dangerous nights of the year for teens. Year-round events, dances, and parties are organized with the help of our "Teen Advisory Board," which gets the kids involved and provides great leadership training.

[1] <u>Funhouse Community Impact Report, 2009</u> available for download at: www.thefunhouse.org

Hi Ian -

So, here come my ideas for an ongoing, viable community dance program. In my experience this is the sort of thing that ought to be administered/sponsored by a Parks/Rec department. I have years and years of background and have been involved in arts and education for nearly all my life. These observations come from those years.

I realize that the Orcas Center does currently have a program via outreach in the elementary school. That's great, but the rest of the population is not included. I can tell you as an occasional teacher on the island that there plenty of folks - young and old - who would really like to take classes in assorted dance forms. It's been left to individual teachers to create their own classes, find the space, do their own advertising and hopefully, be able to pay for the hall. I have found that most classes don't last long. With the advent of Anthony Manuel here for several years, there was a dance "boom" that ended when he left! I've personally encouraged a few old-timers to come out of hiding and teach, and one is. A few younger adults try their hand at teaching - I would say with some success, but....the longevity of any classe is "iffy" at best.

Orcas Island is crawling with talent. I can count easily 6 people who could be teaching right now - as I said, a few do. The "decentralized" approach to dance here drives me crazy, quite honestly. It is simply too small a population base for any success. The Orcas Center would probably agree, and I know they are trying their best as well. But their program is nearly non-existent. Important to add as well, is that the black box is a terrible dance space (don't say I said that, but all the teachers here agree). It wasn't created for that purpose and frankly, the floor is one on which injuries can easily happen.

A brief history of me; I began teaching dance at age 24 and taught consistently for about 30 years. I'm an old lady now with aches and pains, but did teach last spring and would again if I thought folks would sign up and be consistent. Yes, we also have that issue here. Folks tend to come and go as they wish, but I do believe that an ongoing, well-managed program would address that. Aside from that, I am a well-trained dancer and have worked in several states, many studios and schools, but germane to this discussion in numerous parks departments. I was helping create programs 30 years ago. As an arts education advocate, I've done graduate work at Antioch and was invited into (but did not go) the grad program in Theatre Arts at Western. I hail from Chicago, so my exposure to many teachers and dance styles came early. I have continued to study as life allows.

That's a lot for starters. I'll outline what has come to mind as a potential template for any program the Board might consider. Thanks so much for "listening", even though I'll be in the dentist chair as you convene.

(2) Dance Program Ideas

Other Things

Teachers

As I said in my note, Orcas and the other islands overflow with talent. There are teachers hiding in the bushes who need coaxing to come out. They should be utilized and paid appropriate to their expertise.

They should receive an hourly pay through this organization, so they do not have to struggle to pay for space, even if that pay is per registration. I believe this strongly. When you teach on this island, there are times when you pay more for your room than you take in on a given day. That isn't right!

Space

If possible, utilize spaces on the island that go underused. Oddfellows is the only current place to teach dance (except ballroom), as it has the proper floor, mirrors and barre. However, places like Westsound Community Hall, The Doe Bay Resort yoga studio, Deer Harbor Club, the old Olga building could be options as well -especially if people from those parts of the island don't want to drive to town.

And, as a non-profit, the assorted organizations would be more agreeable to renting space.

This and That

I have been involved in arts education for a long time. I believe they belong in a central place in any community, especially small ones. While the Orcas Center is wonderful, beautiful and gift to community, I feel that it misses the mark. And I don't know why, but it's observable. While there may not be enough people here for another program, it's worth a try.

Need funds for something like this? I've written a few grants and need more practice. Even if I move off the island, I'll be available if anyone asks.

There could be a possible movement class for less-abled children and/or adults. This would need a special teacher (Jean Henigson has this background).

There's another possible discussion about children's theater, improv and other theatre arts. I may be short of cash, but am long on ideas.

Thank you so very much for considering these possibilities for our community.

Community Dance Program Ideas Sue Weiss 6633

Ideally, any program would be available to all age groups. Since the OC is currently offering dance in school for early elementary grades, this begins at age 10.

<u>Ages 10-12</u>

Ballet I and II Tap I and II Creative/Modern Dance (which could include introductory forms of Hip hop, African, jazz, etc.)

Ages 13-15 (or so)

Same as above But to include true Beginning Hip Hop (even Ballroom, even if they laugh)

Ages 16-Adult

Ballet I and II Tap as desired Modern I Ballroom Capoeira Hip Hop and any interesting ideas from qualified teachers Folk/World dance

Seniors

Fun stretching class, folk dance, seated yoga, etc.

I've outlined the most fundamental dance forms (except those "young" things I can't do) as the bases for any program. There would be a progression to a long-term program, as bodies have to start at the beginning and build up. No one without proper training should be able to jump into any advanced form of dance.

Committee Report: Financial Policy Submitted: 4/14/11 Lead Commissioner: Martha Farish

>At-1

Purpose: To identify OIPRD's debt policy

Draft Policy: Except for years 2011-2015, defined as the "start-up" years for OIPRD, non-voted debt financing is inappropriate for funding current operations and maintenance expenses. For years 2011-2015 non-voted debt financing is permissible for current operations and maintenance expenses so long as all such debt is retired by June 2015.

Annual debt payments (non-voted debt) for OIPRD shall not exceed 30% of annual expenditures of OIPRD for years 2011-2015, and shall not exceed 20% of annual expenditures in years thereafter.

Long-term debt financing shall generally be limited to one-time capital improvement projects or purchases and under the following circumstances:

- The project's useful life will exceed the term of financing or
- The project's revenue or specific resource will be sufficient to service the debt or the debt service expenditure has been accounted for in the budget year(s) approved by the Board and
- When the Board finds the project will benefit the citizen's of Orcas Island.

Motion: To adopt policy.

First up is how much OIPRD is planning to borrow; if any, in order to maintain some of the programming before full funding begins in late Spring, 2012. One suggestion	Refurb of Buck Park Pre-school playground			\$20,000			\$7,500	\$5.000																						\$27,500 \$5,000	Refurb of Buck Park Pre-school playground
is to procure a rented space, hire a half-time director and pay for some basics this year	Purchase of office equip			\$2,500				\$4,000																						\$6,500	Purchase of office equip
(office equip. and supplies, insurances, cursory Buck Park refurb, legal/acct., etc).	Resurface tennis courts										\$17,500																			\$17,500	Resurface tennis courts
Pete Moe has also made a proposal to subcontract the Funhouse to temporarily handle	Tenant improvements / bldg. mat.						\$3,500	\$2,500																						\$6,000	Rebuild office materials
management, signup, publicity and administration of many to most of the programs that OIPRD hopes to have on its full time roster come mid-2012 for a period of 1 year.	FH subcontract admin. Etc.
